# CHINESE WITHOUT TEARS

FOR  
BEGINNERS

*Chinese Without Tears for Beginners* is the first volume of the *Chinese Without Tears* series. It is recommended for absolute beginners. No prior knowledge of Pinyin or Chinese characters is required for learners studying this textbook.

Step by step, *Chinese Without Tears* gives students the strong foundation that is required to start learning, efficiently, the Chinese language.

Using an originally designed repetition method and through a large number of exercises, *Chinese Without Tears* will make you never forget your first 200 Chinese characters along with their structure, meaning, and sound.

And, to make sure that it sticks, using what you have learned, you will read a short story written in Chinese, and translate it into English.

✓ “Chinese Without Tears for Beginners’ makes learning Chinese characters painless, while including the elements that make character study effective: radicals, real-life examples, and a range of engaging practice exercises.”  
—ChinaExpat.com

✓ “This is incredible! I learned more characters from this book in 15 minutes than in 15 years from my usual awful teacher (myself). Brian’s clear, concise word-painting unlocks the meaning of the most baffling characters. Bravo!”

—Nury Vittachi, Author & Columnist
